

## Russell Blaylock, M.D. Interview More Important Truths

Dr. Russell Blaylock's interview was first released in our daily news but because of its importance and his added statements below its being sent out separately as well. <https://live.childrenshealthdefense.org/shows/advocacy-lifeline-with-dawn-richardson/YD8EwUmfeR>

We are living in trying times as you know. Freedom of speech is being demolished. The New York Times has even made a documentary against Dr. Joseph Mercola, the obvious reason is because he has the largest list on the Internet and he's written a book releasing accurate information on the shot. The Children's Health Defense (CHD) wrote: "On Wednesday, Aug. 17, without warning, Facebook informed Children's Health Defense their page was deplatformed (unpublished). Simultaneously, their Instagram account was suspended. As one scientist said today about the current chaotic and further deteriorating state of everything at present: "Lies are laying corpses, truth is just a dreamed fiction, and the facts are too horrible to take into account." How very well said.

The CHD is known for their accuracy, and they have probably saved hundreds of thousands of babies and children by publishing the facts the evil doers try to suppress. If more families had info from CHD those babies they have been cremating in hospitals to prevent being counted would still be alive. Read what Dr. Mike Yeadon wrote who worked for Pfizer for 20 years and was even their chief scientist. Never do you vaccinate those who are not at risk like babies and children. In his own words: <https://rense.com/general96/mike-yeadon.php> So the former chief scientist of the company making it says children should not be given the shot and it can kill you in a couple of years. He is the applicant on the lawsuit against this toxin under the International Criminal Court of Justice. It declares this nano bioweapon genocide based on the Nuremberg Code.

These times are going to get worse, especially around the election. The Center For Disease Control, CDC, has now confessed to colossal mistakes [https://childrenshealthdefense.org/defender/cdc-backtracks-covid-guidance-damning-studies-cola/?utm\\_source=salsa&eType=EmailBlastContent&eld=6311dd76-01e7-4770-9d79-85db16ca4686](https://childrenshealthdefense.org/defender/cdc-backtracks-covid-guidance-damning-studies-cola/?utm_source=salsa&eType=EmailBlastContent&eld=6311dd76-01e7-4770-9d79-85db16ca4686) Probably millions have died because of their misinformation. They even admitted wrong protocol and wrong test from the beginning. Activists showed where they deleted vaxx deaths from VAERS; only 1% report. Some CDC doctors spoke out because they were reprimanded for relating the real truth of the matter. CDC didn't want the facts. They are known for corruption. As an example, here is the damning CDC investigation on

aspartame [http://www.mpwhi.com/damning\\_cdc\\_investigation\\_on\\_aspartame.htm](http://www.mpwhi.com/damning_cdc_investigation_on_aspartame.htm) You will see everything from seizures to blindness, and even death. Yet if you go to the CDC site you will see only a summary that contradicts their own investigation. It's been there for 36 years lying to the public and saying they only found "mild" findings. Since when is death considered a mild finding? Yet, just like in the case of the nano bioweapon CDC suppresses the facts. You will see me holding up the 146 page investigation in the documentary "Sweet Misery: A Poisoned World". The last excuse the CDC gave me for not taking down the false summary and adding their own investigation was: "The doctor who wrote the summary retired." Stephen Fox, Mission Possible New Mexico has ordered FDA Commissioner Robert Califf to remove aspartame from the market.

September is Aspartame Awareness Month so let's start early by spreading the straight stuff, the absolute Truth, not only on aspartame, but also this nano bioweapon. Both are systemic poisons and both damage the mitochondria or powerhouse of the cell. They are killing machines. Can you even imagine the interaction of both?

Dr. Blaylock has given this dynamic interview above, and below my signature is his list of statements he says you can use with legislators. Let's say he's given an assignment with the answer sheet, and start covering the planet. In his interview you will notice he reads the statements and discusses them giving you the ammunition. By September 1st we will have his interview transcribed where you can read it or listen to it.

Here are some things you can do. Send the interview to web sites, social media, email lists and everywhere you can saturate the truth. There are many organizations with massive lists that will forward it on. Send a copy to your physician, your place of worship and even list with free press releases. Be sure to support the people who have fiercely worked to get this life saving information to you. The Children's Defense Team releases vital material daily. Be sure to subscribe to them and Dr. Mercola who have been censored because of their accuracy and ability to get to so much of the public. Dr. Blaylock is the author of the Blaylock Report where you get indispensable advice and true science. He was the first physician to explain the dangers of the mask, and first to write about the fear mongering used to get the public to take a killer jab. He has authored many books, one on aspartame and MSG, "Excitotoxins: The Taste That Kills" and others, his latest I'm reading, "Liver Cure". I have subscribed for years to the National Health Federation who for decades has fought for our health freedoms. Jeff Rense, [www.rense.com](http://www.rense.com) keeps aspartame on his front page available to save the lives of millions, as well as exposing the killer vaxx. There are many more with their reports on my lists for years. This will be posted on [www.mpwhi.com](http://www.mpwhi.com). Notice below Dr. Blaylock says the virus does not exist!! Notice Dr. Blaylock says: "The injections are for a virus that no longer exists and has essentially no effectiveness against variants of the original virus. The injected are the number one superspreaders of the present variants and future variants."

### **What I learned by Dr. Russell Blaylock. M.D.**

Backup of What I learned from my paper's response.doc

- Most critics are not from the world of science, but rather **politics, assortment of trolls and those who have a financial stake in the vaccine**. They all have an agenda that does not include people's health.
- Your enemies will not resort to logic, scientific studies, or critical thinking they resort to **ad homonym attacks, gaslighting and slander. Personal attacks are their modus operandi**
- We see highly credentialed, prestigious and extensively published people demonized by those wishing to control the narrative. These top doctors and scientists' opinions are deleted on all sources of public communication. **What are they afraid of?**
- Why have the proponents of the so-called "vaccines" **refused to debate** those opposing the injections? Why have they never offered evidence that what I have said in my published papers is not true? **Steve Krisch, Dr. Robert Malone, Dr. Peter McCullough and others** have all offered to debate those pushing these deadly injections, but there have been no takers. **Steve Kirsch** even offered substantial cash awards to anyone who will debate him and prove him wrong in his opposition to the injections. **Why are there are no takers?**
- Why have the **majority of the scientific community and physicians remained silent** during the entire shameful debacle? What is keeping the physicians and the scientific community mostly silent?

- Why are so many trusting of pharmaceutical companies that have collectively been **fined over 10 billion dollars for fraud and serious violations of safety standards** in manufacturing? **Pfizer** alone has been **fined billions of dollars** for such violations, even drefor criminal conduct that cost many lives. One pharmaceutical company alone paid out hundreds of millions of dollars for such violations that **cost over 100,000 lives** by some estimates. No one went to jail and no one lost their job.

- We have **medical societies, medical licensing boards, and hospitals** intimidating doctors and nurses to remain silent about the massive destruction of lives by this whole “pandemic” episode and especially the injections. Both doctors and nurses have lost their right to practice for refusing to remain silent concerning this unending life destroying episode. **Why have the politicians and media been silent and remain silent in the face of this human disaster?**

- The so-called “vaccine” has been shown to have **no effect on covid-19 transmission and little ability to prevent infection**. It is now evident that the vaccinated are the **superspreaders** of these viral variants. Why are we being told that the vaccinated have a milder infection, when the ICUs and hospitals are occupied by **serious cases of infection among the “vaccinated”**. Almost all patients admitted to hospitals have been injected with one of these deadly genetic injections.

- Why are individuals being told that they must agree to be injected with these deadly injections or lose their jobs? Further, when individuals are forced to take these deadly injections by their employers and become incapacitated, where are the company heads who forced them to take the injections? These unfortunate people, not only can no longer work at their previous job, **they cannot work at virtually any job**. Are they compensated by the employer who forced them to get injected? No! They are left on their own. **Should they die**, will the monsters who forced them to take the injection pay for all the funeral expenses? Don't hold your breath.

- Why are we continuing to force people to accept these injections, including all boosters, for people holding **essential jobs** doctors, nurses, medical technicians, radiology technicians and even secretaries in hospitals, members of the armed forces, firemen, EMS personnel and other such critical workers? They are being mandated to take these injections when it is accepted that these injections do not stop the spread or

prevent the infection the only two reasons, even in the furthest of ones' imagination, as why one would even consider mandating such injections.

- It is not the unvaccinated that were spreading these viruses and variants-it is the vaccinated. Because a significant percentage show few signs of infection they continued to go to work, attend parties, go to church services, and other gatherings- spreading high levels of the virus, especially the variants among everyone they come into contact with. It has been estimated that the vaccinated have **250 times higher** concentrations of the virus in their nose than do the unvaccinated sick.

- No one seem to want to answer the question **Why are these companies, hospitals, the military, etc, mandating a “so-called vaccine” for a virus that NO LONGER EXIST?** The vaccine being mandated is for the **SARS-CoV-2 virus**, which has all but disappeared from the scene. Even the boosters are designed for a virus that does not exist, even though an attempt is being made recently to address this obvious oversight.

- Why, despite highly convincing evidence, that these **injections progressive erode innate immunity**, the most important arm of the immune system, are we being forced and cajoled into taking these injections? Are these controllers trying to purposefully destroy the immune system of hundreds of millions of people?

- Why did Fauci, the CDC and FDA all insist that **children, down to small babies**, be injected with a vaccine that has had millions of admitted complications and resulted in the deaths of no less than 40,000 adults. (The true number of deaths is in the hundreds of thousands, just in the United States.) It has been firmly established that youth and especially toddlers and babies are essentially at a zero risk of becoming ill from the virus. Only children with seriously impaired immune systems are at risk and **since the injections do not stop the spread of the viruses, vaccinating the healthy youth will offer no protection. In fact, the vaccinated youth will now be of an even greater danger to these immune impaired children.**

- Why did the CDC, NIH and other organs of authority encourage pregnant women to receive these genetic injections, when they knew that **no studies** had been done on the effects on the mother or the child, either short or long term, prior to **their encouraging pregnant women to get “vaccinated”**? The only study done after

thousands of pregnant women were already injected, was found to state fraudulently that the injection was safe, when it was disclosed after reexamination of the data that in truth the study found an **83% higher miscarriage rate** among pregnant women injected during the first trimester. Why did they not tell these women- **NO LONG TERM STUDIES HAVE EVER BEEN DONE TO SEE WHAT PROBLEMS COULD ARISE? Even the American OB/GYN medical societies were encouraging their doctor members to strongly suggest that their pregnant patients should get “vaccinated”**

- Why was the **biodistribution study** kept from the public and all scientists and physicians? Could it be that it **proved Pfizer was lying about the injected contents of the vaccine staying at the injection site, when they knew that it was dispersed throughout the person’s body even the brain?**

- Why did Pfizer seek a **court order** sealing the data from their so-called “safety and efficacy study” for **first 55 years and the 75 years?** Why would you do that unless you were trying to hide the shoddy way the study was done, the **blatant coverups of complications occurring during the study many resulting in permanent injuries of a very serious nature** and most importantly, lying about the effectiveness of the injections? **There is now compelling evidence they knew before the vaccine was released that it had a very low effectiveness.**

- With the compelling data showing these injections result in fatal and crippling blood clots and much more common microthrombosis, why is there no program to test every injected person with the **D-dimer test** to look for early signs of such a disaster occurring? How many strokes, heart attacks, lost limbs and damaged organs have to occur before these controllers of the narrative take proper action? I think I know why, based on studies by at least two cardiologists who did the tests on all their injected patients **both found high levels of D-dimer in over 80% of their patients, indicating a high probability of microthrombosis.**

- **How many young people, especially males, have to suffer permanent heart damage in the form of myocarditis, before we end this madness? Thousands of young people have suffered such “vaccine” induced heart damage and recent studies clearly demonstrate that their hearts are permanently damaged, which**

**demonstrates the lie that these young people fully recover. How many young athletes have to die on the field of play or have their careers ended before we stop this insanity?**

- **Why in the name of all common sense would airlines insist all pilots be injected with this devastating injection when the risk of the pilot dying while in flight, especially when taking off or landing, is significantly high. Not only is the pilot's life at risk but all of the passengers on the airlines should hundreds of passengers die because the CEOs of the airlines yielded to pressure to force the injections on all their pilots?**

- **Now that we have compelling evidence of the following statements listed below, there is no sense in mandating or even encouraging these injections. All such injections should be halted immediately and those responsible for this grave fraud, at every level, should be prosecuted to the fullest extent of the law.**

- **What we know:**

- **The injections are for a virus that no longer exists and has essentially no effectiveness against variants of the original virus.**

- **The injected are the number one superspreaders of the present variants and future variants.**

- **There is evidence that the injections increase the likelihood of the generation of worse viral variants**

- **The injections and boosters progressively erodes the most critical arm of the immune system (innate immunity) dramatically increasing the risk of:**

- **Cancer**

- **Autoimmune disorders of all kinds**

- **Heart attacks, strokes and other thrombotic disorders**
- **Activation of latent viruses many of which are deadly**
- **Increasing susceptibility to numerous types of infections viral, bacterial and fungal.**
- **Increasing several types of neurodegenerative diseases.**
